Connector mount bracket for IC-705 and FT-818ND

CST-30

4 932273 171018

This is a connector mount base for direct mounting of ICOM IC-705 radio and YAESU FT-817ND, FT-818ND.

- The angle can be changed to match the installation angle of the radio.
- BNC/LP to SO-239 conversion cable is included.
- Holes are provided for SMA-J and BNC-J bulkhead types to be mounted.
- The mounting bracket is sturdy and only needs to be tightened with two knuried knobs.
